Collaborate with teams abroad using secure, HD video and audio. Keep your projects and your people safe and secure. It's easy to stay connected with web and phone applications. This is an experience of powerful simplicity.

We built our platform from the ground up with security in mind, and now offer the only secured unified communications platform that is trusted by law enforcement and counter terrorism professionals around the globe. With the launch of Mercury, we are bringing the same world-class protection to the entertainment industry.

TRUSTED. SECURED. SIMPLE.

- Trusted by public safety & counter terrorism professionals worldwide
- Private cloud infrastructure for vetted users only
- Dedicated U.S. servers, Tier III facilities
- 99.999% uptime
- Highest NSA-Grade Encryption (AES 256)
- Custom solutions & API integration
- 24/7 concierge service
- Easy deployment
- No hardware to buy
- No client programs to install
- No eavesdropping or data scraping
- No data harvesting. Ever.

DESIGNED FOR ENTERTAINMENT

- HD video and clear audio
- Film, direct & act in different locations
- Access control - quickly meet by sharing a link, or host a private meeting with only secured contacts
- Establish a secure, gated environment where your trusted team members can communicate privately from their desks or on-the-go.
- Protect your intellectual property, when stored, and from point-to-point
- Prevent leaks of information
- Build closer relationships
- Easy to use and manage, with low administrative cost
